

# Lamoille Valley Rail Trail

*The Long Trail here follows the Lamoille Valley Rail Trail.*

The rail trail is a four season, multi-use path maintained for recreation and alternative transportation. It is being created by reconstructing and repairing the original St. Johnsbury and Lake Champlain Rail Road established 1916 (and most recently managed as the Lamoille Valley Rail Road.)

When complete, the rail trail will extend for as much as 93 miles from Swanton to St. Johnsbury.
